Verse 1

In the front lines
You fight for me
Oh, Your kindness is my shield
When the armies rise
And I am scared
My heart You will defend

Chorus 1

You are on my side
You go before me
You stand behind
You tell my fear to run
Always and forever
I am loved
You are on my side, oh
You are on my side, oh

Verse 2

In the tragedy
You grieve with me
Your comfort is my song
In my wandering
You're still rescuing
You will never, never give up

REPEAT CHORUS 1

Bridge

You were on my side
You were on my side
When I couldn't see
When I couldn't feel
When the pain was real
You were on my side
You were on my side
When You saved me from my heart of stone
You awoke these bones
You were on my side
You were on my side
Nothing on this Earth could ever separate me
from Your love

Chorus 2

You are on my side
You go before me
You stand behind
You tell my fear to run
Always and forever
I am loved

REPEAT CHORUS 1
